★ **FOR CONGRESS** ★

Sam,

**I was updating my To Do list today with a few items: 1. Clean my guns, 2. Check in with Ted Nugent.** That's when I heard the news that establishment RINOs endorsed Annie Black as a candidate in their Young Guns program. Isn't that special?

Deceitful RINOs just love banding together and *misleading* Americans. Meanwhile they will act in their own self-interest instead of serving the American people.

Just look at these ridiculous tweets from Black earlier this month, for example. Clearly, she's coordinating a show. First stating she spends "more time on the road in Nevada and less in DC" and **not even 24 hours later takes a photo with a cab driver while in D.C.** Malarkey!

Donning a battle born Nevada jacket and mentioning the cab driver is from Nepal doesn't change anything. Fortunately, America First voters are more savvy than ever when it comes to determining **who will walk the talk beyond campaign season.**

**I will not allow the voters of Nevada to continue to be lied to by disingenuous career politicians.**

When Ted Nugent endorsed me for recognizing my military service and my unwavering commitment to God, family, country, President Trump, the Second Amendment, the U.S. Constitution, and Build That Wall, he saw me for **who I am: a warrior who will directly engage with the swamp creatures in Washington D.C. and command change while seated at a table among my enemies.**

**The mayor of Annie Black's hometown must have been of a similar mind when he endorsed me.**

It's time to *Embrace The Suck* for our country, and I am here to report for duty.

Together we will respond to the unique situation we find ourselves in as America First patriots who refuse to gamble on the failed promises of establishment RINOs as we pull up our sleeves and do the dirty work that is required to restore our country to its rightful prosperity.
