Subject: Drag Queen Story Hour Canceled!

Preview: Convicted child sex abusers are not welcome to play with our children!

Fellow Patriot,

If there's a venomous snake in a room that a child is crawling in, I'm going to raise the alarm and then cut the snake's head off.

So that's why I protested the Drag Queen Story Hour at the Romare Bearden Park this weekend—and our efforts resulted in the event being canceled on the second day!

I put together an Instagram reel highlighting our protest, which can be watched [here](#):

Let's be straight, I don't care if people play dress up in private, but our elected officials **should not** be using taxpayer dollars to fund the potential *exposure of our children to pedophiles in our public parks!*

Yet Charlotte City Council LaWana Mayfield has publicly called me **a bigot** for speaking out to protect our children. She called my concerns nonsense, and claimed the facts about pedophiles 'are only one click away' on the keyboard...

She sent me a link identifying pedophiles as 30+ aged white heterosexual males. This didn't seem like a 'diverse' or receptive response from her, and the resource seemed *slightly* narrow-minded. So, I did a bit more clicking around on the internet...

Does this look like bigotry to you?

The image is a composite graphic. On the left is a screenshot of a Google search for 'drag queen pedophile'. The search results show several news articles, including: 'Second Drag Queen Story Hour Reader Exposed As A Pedophile', 'Drag Queen Pedophile Who Tells Kids To 'Suck My D'ck' Shamed At...', 'Drag queen who danced for kids charged with 25 counts of child...', 'Drag Queen Storytime: Convicted pedophile, dressed as a...', 'Did a Convicted Sex Offender Read to Children at a Houston Public...', 'After drag queens, pedophile is next - American Thinker', 'Pennsylvania Drag Queen Who Performed For Children Charged With...', and 'Far-Left Drag Queen Arrested on Child Rape Charges - EU Times'. On the right is a blue campaign graphic with the text 'DOES THIS LOOK LIKE BIGOTRY TO YOU?' in large white letters. Below this is a white box containing the text 'Drag queen who danced for kids charged with 25 counts of child pornography' and 'Brice Patric Ryschon Williams, who identifies as a 'genderqueer social worker,' is a well-known LGBT activist.' Below the text is a photo of Brice Patric Ryschon Williams, a drag queen with long orange hair and heavy makeup. At the bottom of the graphic is the logo for 'TYLERLEE U.S. CONGRESS' with three stars.

As you can see, there have been numerous instances where convicted child sex abusers have been found as playing a role in these events, realizations made after the fact. This is not an act of bigotry; it is an act by a caring adult on behalf of children made vulnerable by such events.

LaWana claims that her *“diverse experience has taught her the value of listening to the concerns of the public and connecting those concerns with resources”* on her campaign website. This kind of political talk doesn't pass muster, especially where there's no walk to follow it. The American people are sick and tired of it!

Enough is enough!

Our children deserve to have adults in their lives **who will fight for their safety and innocence** by rising above the fear of being labelled as misogynist and homophobic zealots.

Thank you to everyone who sent emails and joined with me in taking a stand against this developmentally inappropriate exposure to children.

Our protest achieved success!

Now, I've reached out to our state representatives requesting legislation **to ban Drag Queen performances from taxpayer funded public places** and for any individual under the age of 21.

When we boldly take a stand for our children, exercising our First Amendment rights can create a safer world for them!

My opponent Alma Adams would rather act as a cheerleader *for Planned Parenthood* **while they offer transgender hormone therapy to our children** than reject this encroachment of predators after our most *precious* national resource.

In November, advocates of children can reject Adams for abandoning them.

When elected as your next Congressman, I will unabashedly continue to fight for the protection of our children!
